Feature Pledge Contract

We, the undersigned representatives of Team _____ **(pledging team)**, enrolled in course section _____ **(course section code),** hereby pledge to allocate _____ **(amount)** points from our own bonus point pool to Team _____ **(receiving team)** of the same course section, at the end of the semester, provided that they successfully implement the promised feature no. _____ **(issue number)** as described in issue at the date of the contract.

We acknowledge that this pledge is binding once signed and approved by the tutor. If the referenced issue description is changed after the pledge is made, the pledge is automatically null and void, and such alteration constitutes misconduct. Any necessary clarifications or updates must instead be recorded transparently in the issue comments, with explicit written agreement from both teams and the tutor before the end of the semester.

We understand that the tutor may, at their sole discretion, subtract the pledged amount from either or both teams in cases of unprofessional or unethical conduct, or if the pledge process violates course standards.

Signed on this day, _____ **(date)** in the presence of the tutor, _____ **(name and signature)**.
